

Datasheet Vortex™ Professional Woodscrews

RS Stock No: 1456480

Size: 5 x 90mm

- A** Recessed countersunk
- B** Sharp milling nibs
- C** Double countersunk head
- D** Sharp, wide and deep thread
- E** Sawfix serrated thread
- F** Oblique-angle gash point
- G** Sharp gash point

Vortex™ screws are fully CE compliant to EN 14592:2008 & A1: 2012.

The recessed double countersunk head on the Vortex™ product range reduces the likelihood of shearing the head of the screw, whilst assisting the completion of countersinking, making it a more reliable product for users.

The sharp, wide and deep thread on the products feature 'Sawfix' serrated thread technology, enabling the product to quickly and easily power through surfaces, and can be used on a range of materials including hardwood, decking, MDF, plastic and sheet metal.

The high quality zinc and yellow waxed coating makes the screw easier to drive in, and increases the lifetime of the product.
