**DESCRIPTION**

**Single-operator ratchet windscreen removal kit**

Kit with 2 pump suction cups for pulling the cable with the ratchet system as well as an angle fitting mounted on the pump suction cup ensuring good adhesion with the windscreen. This technique has the advantage of enabling cutting of the windscreen seal without having to remove the interior trimming. It enables an operator working on their own to effortlessly remove a windscreen. Composition: - Cable traction system with ratchet double suction cup - Angle suction cup - windscreen wire guide - pair of grip pulling handles - Roll of square steel wire, cross-section 0.6 mm
