

# Calypso

Flexibility and better ergonomics

## Description

Calypso – an ergonomic desk light ideally suited to the modern workplace. As with all Luxo spring balanced task lights, Calypso is easy to adjust and the head will always remain parallel to the work surface. Calypso is perfect for small to medium sized work stations. Supplied with HF ballast to eliminate flicker.

Standard with table clamp. Table base and integrated table mounts available on request.

Colours: Black, white or black and grey.

Table base  
The table base is an accessory that must be ordered separately.

Wall Bracket

## Technical description

---

### LIGHT SOURCE

Supplied with 1 x TC-DE 13 W lamp.

### BALLAST

Electronic ballast (HF)

### BODY MATERIAL & COLOUR

Steel arm with plastic covers. Plastic shade. Colours: white, black, black/grey

### MOUNTING

Standard with table clamp (AH-clamp). Table base and integrated table mounts (TT table mount and TE bushing) are available on request.

### OPTICS

Asymmetric light output. Aluminium reflector.

### ARM TECHNOLOGY & MOVEMENT

Parallel, three-pivot arm. Arm length is 66 cm. Side-to-side and up-and-down head movement. NB! Allowing for upward head tilt creates more flexibility but may cause unwanted glare.

### SENSORS

A box with a presence detection feature may be mounted under the table top. TT table mount and sensor box are sold in combination.
