Weight	1.28 kg
Material	Chrome Vanadium
Ergonomic grip handle	+

Product data sheet

Power tools for trade & industry

Advantages:

- Robust and durable: thanks to chrome-vanadium steel (CrV), stable plug-in joint, and hardened teeth
- High convenience: due to its ergonomic design, 90° jaw position, and clamping protection, can be adjusted directly on the workpiece
- High flexibility: with adjustment nut for stepless fine adjustment
- Max capacity for pipes is 60 mm or 2 3/8"
