

FEATURES

- **Chisel tip shape:** Provides excellent control and precision for detailed soldering tasks
- **0.8 mm tip width:** Allows for fine soldering work on small components
- **9.5 mm tip length:** Ensures accessibility to tight spaces and intricate areas
- **0° tip angle:** Facilitates easy handling and manoeuvrability during soldering
- **ANSI-ESD S20.20:2021 compliance:** Meets industry standards for electrostatic discharge safety
- **REACH and RoHS compliant:** Ensures environmentally friendly and safe usage

RS PRO Chisel Soldering Iron Tip, 0.8 mm Width

RS Stock No: 631-932

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO soldering iron tip is designed for precision soldering tasks, offering compatibility with the 492-303 Soldering Station. Its chisel shape and 0.8 mm width make it ideal for detailed work, ensuring accurate and efficient soldering.

General Specifications

For Use With	492-303 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T990
Tip Shape	Chisel

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

Mechanical Specifications

Tip Length	9.5 mm
Tip Width	0.8 mm
