

Features

- Operates in high humidity, moisture and extreme temperatures
- Extremely tough and provides cables with both thermal protection and high abrasion resistance
- Standard colour is natural white
- Operating temperature between -196°C to +350°C

RS PRO NOMEX®

RS Stock No.:

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO NOMEX® consists of 100% continuous NOMEX® fiber. Although it has a soft feel and smooth appearance, this sleeving is extremely tough and provides cables with both thermal protection and high abrasion resistance. It can retain its integrity at temperatures over 245°C and operate in high humidity, moisture and extreme temperatures.
