RS PRO Safety Mini Tag Kit, 40 Tag, ABS Material

RS Stock No: 710-498

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Safety Mini Tag Kit is designed to enhance safety protocols by clearly marking equipment that should not be used. This kit is essential for maintaining compliance and ensuring that only safe, tested equipment is in operation. Each tag is made from durable ABS material, providing a reliable solution for tagging electrical equipment.
