

FEATURES

- **Sintered Bronze Material:** Provides high strength and excellent wear resistance, ensuring long service life.
- **30 mm Length:** Suitable for a range of applications requiring compact and efficient bearing solutions.
- **33.06 mm Outside Diameter:** Ensures compatibility with standard housing dimensions, facilitating easy installation.
- **27.98 mm Shaft Diameter:** Designed for precise fit and optimal performance with compatible shafts.
- **Plain Bearing Design:** Offers low maintenance and reduced friction, enhancing operational efficiency.

RS PRO 30 mm Sintered Bronze Plain Bearing, 33.06 mm OD

RS Stock No: 558-416

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various industrial applications. Made from high-quality sintered bronze, it offers excellent durability and performance. Ideal for reducing friction between moving parts, this bearing ensures reliable operation in demanding environments.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	27.98 mm

Mechanical Specifications

Length	30 mm
Material	Sintered Bronze
Outside Diameter	33.06 mm
