

A tough, all weather key operated locking bolt, replacing the need for a hasp and staple.

KeyBolt™ is made of a steel lock body, with the body and lock being cleverly encased in a smart weatherproof cover. Features a four lever lock mechanism and steel components for excellent reliability outdoors.

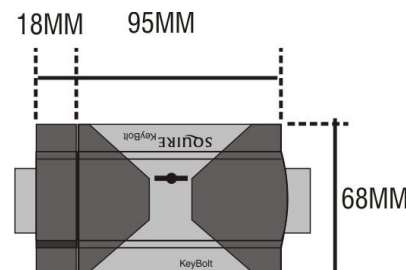

Benefits

- Steel Lock Body
- Body & Bolt encased in a weatherproof cover
- Steel Components
- 4 Lever Lock Mechanism
- Lever lock mechanism gives excellent reliability outdoors
- Can be used in or outdoors

Recommended For

Sheds, gates, cupboards, storage areas, cabinets, lockers, small vans, and doors.
