RS Pro PB-10400 10400mAh Portable Charger

RS Stock No: **775-7517**

Product Details

RS Pro 10400 mAh power bank is a portable power solution designed as a power supply for electronic devices. The power bank charger gives you mobile freedom, replacing the need to carry lots of different chargers, making it an ideal accessory for your Raspberry Pi, smartphone, iPad, iPhone, tablet PC and more. It features intelligently monitored LED indicators for charging and power status and can automatically detect the current required by the devices you want to charge. For your peace of mind, this reliable portable charger also features short circuit protection.

Features and Benefits

- Smart power management controller
- Double protection design
- Over discharge, over current and short circuit protection
- Intelligent LED display to indicate power level and charging
- Ideal for most digital devices such as iPhone, iPad, smartphone, PSP, GPS, tablet PC and Raspberry Pi
- Automatically detects the current required by devices
- Maximum output current of 2.1 A
- 2 USB output ports
- Chemistry: Lithium ion

**Specifications:**

Brand Range	RS
Chemistry	Lithium-Ion
Input Connector	Micro USB
LED Indicator	Charge/Discharge, Power Levels
Output Connectors	USB
Capacity	10400 mAh
Charge Time	12 to 15 h
Depth	23 mm
Dimensions	110 x 73 x 23 mm
Input Voltage	5 V dc
Length	110 mm
Maximum Operating Temperature	+35°C
Maximum Output Current	2.1 A
Minimum Operating Temperature	0°C
Number Of Devices Supported	2
Operating Temperature Range	0 to +35°C
Output Voltage	5 V dc
Weight	256 g
Width	73 mm
Typical Application	GPS Device, iPad, iPhone, Mobile Phone, MP3 Player, Raspberry Pi, Tablet
