

## FEATURES

- Flat packed
- Quickly assembled in 10 minutes
- 24 different sizes and configuration
- Metal equipment
- Slotted brackets for mounting pcbs or chassis plates

# RS PRO Black Steel Project Box, 279 x 305 x 131mm

RS Stock No.: 754-6008

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

Introducing steel electronic enclosures from our trusted and reliable own brand RS PRO, a range of high standard and durable multi-use steel enclosures ideal for housing electrical components. These versatile enclosures are made from high grade cold rolled steel, with aluminium front and rear panels providing a sturdy protective enclosure for electronics. The boxes are treated with a powder coat finish that is preceded by a 5-stage iron phosphate pre-treatment, offering excellent corrosion resistance whilst remaining aesthetically pleasing.
