

FEATURES

- **Sintered Bronze Material:** Provides high strength and wear resistance, ensuring long-lasting performance
- **3/8 in Length:** Suitable for compact applications where space is limited
- **0.5 in Outside Diameter:** Ensures compatibility with standard housing sizes
- **0.31 in Shaft Diameter:** Designed to fit common shaft sizes, facilitating easy integration

RS PRO 3/8 in Plain Bearing, Sintered Bronze

RS Stock No: 528-073

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for applications requiring reliable and efficient motion support. Made from sintered bronze, it offers excellent durability and performance in various industrial settings. The bearing is ideal for reducing friction between moving parts, ensuring smooth operation and extended equipment life.
