

Smart Terminal ST-1150

DATASHEET

CHERRY SMART TERMINAL ST-1150

USB SMART CARD READER

Smart, stable, and operable with one hand: The Smart Terminal ST-1150 reads and writes your chip cards with extremely low power consumption. Whether for access control, networking, logon, or chip card-based Internet transactions, the Smart Terminal with USB connection provides simple and reliable support for protecting your sensitive data. Support for international standards such as ISO/IEC 7816 and CCID makes this Smart Terminal universally applicable.

SCOPE OF DELIVERY

- Manual
- Smartcard Terminal
