

## PPS SQ SYSTEM 100% ALUMINIUM NETWORK

### PPS SQFRL - FRL front connector for square profile

PPS SQFRL is specially dedicated to PPS ATU filters. Connected directly to the filter, this innovative component is tailored to optimize the efficiency and reliability of your fluid and air distribution systems, ensuring the delivery of clean air and optimal performance in all applications requiring pure air.

#### ULTRA-COMPACT, FLEXIBLE AND RELIABLE.

Consistent flow of clean air and delivery optimal performance in all applications

#### PRESSURE DROPS ARE VERY LOW THANKS TO A SMOOTH INTERNAL SURFACE, A LOW FRICTION COEFFICIENT, AND A MAXIMUM PASSAGE DIAMETER, THUS ENSURING OPTIMIZED FLOW RATES

- 100% aluminium
- Ergonomics of workstations
- Space saving
- Modularity
- Quality & Safety
- Watertightness guaranteed
- User comfort

#### IT IS AN IDEAL SOLUTION DESIGNED TO MEET THE RIGOROUS DEMANDS OF MODERN INDUSTRY, ENSURING RELIABLE AND EFFICIENT OPERATION ACROSS DIVERSE SECTORS.

The PPS SQ solution offers modular and scalable configurations, specific for end-uses of a piping network, where in most cases it is necessary to fit to different work stations

| Part number   | Material  | Female thread | Temperature min/max (°C) | Max. operating pressure | Net weight (Kg) |
|---------------|-----------|---------------|--------------------------|-------------------------|-----------------|
| PPS SQFRL2512 | Aluminium | G 1/2         | -20.00 / 80.00           | 16.00                   | 0,3205          |
