

3M™ Safety Glasses

3M™ Zora™ Series

Zora eyewear is an outstanding, economical new choice in safety. The affordable price is as attractive as the design. The fluid contemporary styling blends the elements of comfort and protection. The lightweight design is suitable for all day comfort. These glasses are ideal for use as visitor eyewear protection or for temporary workers.

Features and Benefits:

Style

- + Smooth design that sweeps across the eyes
- + Fashion-wrap design provides an excellent fit while accentuating style, on both men and women.

Protection

- + Frame has three-piece polycarbonate construction to provide strength and increased impact protection
- + Lenses provide greater than 99% UV protection
- + DX™ anti-fog coating
- + Integral side shields offer excellent side protection
- + AS/NZS1337 Medium Impact Rating

Comfort

- + Ultra-lightweight design
- + Moulded nose bridge
- + Gentle, "head-hugging" spatula temples that won't produce "hot spots" around ears
