

Product Information

# Stokoderm® Foot Care

**Deodorising and caring spray for your feet. Helps to support the prevention of athlete's foot.**

**DESCRIPTION**

Stokoderm® Foot Care is a special skin preparation containing alcohol to help protect your feet, for instance when you need to wear occlusive footwear.

Stokoderm® Foot Care contains natural Hamamelis Virginiana Extract, which caused by its astringent effect toughens the horny layer. The essential oils such as eucalyptus, rosemary and sage oil effectively prevent any unpleasant smells developing from the bacterial breakdown of sweat and therefore have a pleasant and deodorising effect.

Regularly cleaning and care of your feet as well as using Stokoderm® Foot Care everyday helps to prevent excessive perspiration and also prevents your skin from softening and supports the prevention of athlete's foot. The skin's pores will not become blocked and therefore the physiology of the skin is not impaired.

**AREA OF APPLICATION**

When wearing occlusive footwear, such as safety shoes, rubber boots etc.

**INSTRUCTIONS FOR USE**

Wash and dry feet thoroughly before spraying on Stokoderm® Foot Care. Spray 1-2 bursts of Stokoderm® Foot Care on to the top and soles of your feet each morning and evening. Keep toes splayed during application.

**PRODUCT DESCRIPTION**

Clear, light-yellow, alcohol solution with a fragrance of essential oils.

Features	Benefits
contains natural tanning agent Hamamelis Virginiana Extract	<ul style="list-style-type: none"> <li>its astringent effect strengthens the horny layer and helps to prevent the skin from going soft</li> </ul>
