Claw Hammers

20oz Claw Hammer with Fibreglass Handle

[RS Stock No. 537-007](#)

20oz (570g) fibreglass shafted quality claw hammer with drop forged hardened and tempered steel head. Fibreglass shafts aid in absorbing the shock vibrations reducing user fatigue and offer high strength characteristics, being virtually unbreakable. Fitted with a black rubber grip moulded directly onto the shaft.

- Medium carbon steel, glass fiber (60%) with p.p injection handle
- Mirror polish claw and strike portion, blue shaft and black rubber grip
- Heat treated to 50 – 58 HRC (strike face), 45 – 50HRC (claw portion) and under 30HRC (body)
- Overall length: 325mm
- Handle length: 185mm
- Weight of claw head: 560g
