STORAGE BOX

Product Description

RS PRO 130 Litre Slim Storage Box is a practical, space-saving solution designed to provide secure storage while sitting neatly flush against walls and other vertical surfaces. Its slim profile makes it ideal for environments where floor space is at a premium, including workshops, warehouses, commercial premises, and industrial facilities.

Manufactured to high standards, this robust, leak-free storage box offers reliable protection for tools, equipment, and supplies in demanding environments. Its nestable design allows for efficient storage and transport when not in use, while the clean, modern appearance makes it suitable for both industrial and commercial settings.

Designed with versatility in mind, the box is accessible by both forklift and pallet truck for easy handling.

Combining durability, practicality, and a compact footprint, the 130 Litre Slim Storage Box is an ideal storage solution for businesses looking to maximise space while keeping equipment secure, organised, and easily accessible.
