

RS PRO Aluminium Safety Straight Edge Kit, Contains: 300 mm + 600 mm Safety Straight Edges

RS Stock No.: 0800323

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

The RS PRO Aluminium Safety Straight Edge Kit combines two high- quality, silver- anodised extruded aluminium straight edges—300 mm and 600 mm—in one convenient package.

Designed for precision marking and cutting, both straight edges feature a recessed safety grip profile and a non- slip rubber backing to ensure safe, stable, and accurate use across a wide range of applications.

Benefits

- *Safe and comfortable handling thanks to recessed grip design.*
- *Optimal for straight, precise scoring and cutting work.*
- *Stable, slip-resistant performance.*
- *Long lifespan due to corrosion-resistant anodised finish.*

Applications

Ideal for professionals and hobbyists who require accurate cutting and measuring tools.

Suitable for:

- *Scoring or cutting sheet glass*
- *Wallpaper cutting and hanging*
- *Vinyl flooring installation*
- *Leatherwork and handicrafts*
- *General workshop marking and layout*
