

EXTREME 125mm x 6mm x 22.23mm Bonded Abrasive METAL Grinding Disc

DT43919-QZ

PERFORMANCE – Professional aluminum oxide grain designed for cordless tools to maximize life and performance

SPEED – Designed for fast cutting and burr free

LIFE – Material mix ensures durable long life wheel

CLEAN – Free of iron, sulfur and chlorine for contaminant free cutting

DURABILITY – Reinforced fiberglass backing

Bore Size	22.23 mm
------------------	-----------------

Thickness	6 mm
------------------	-------------

Application Material	Concrete
-----------------------------	-----------------

Diameter	230 mm
