## RS PRO 22 Piece Tool Backpack Electric Tool Kit with Bag

RS Pro Backpack is designed for Technicians who prefer a textile tool storage system as an alternative to a toolbox or tool case. This tool bag combines multiple storage areas into one to create comprehensive tools and documents storage system. This tool backpack is well thought out, offers plenty of pockets, holders, and zipped compartments.

This bag offers a host of additional features that set it apart from typical tool bags. The base is completely waterproof so no fear of damage in wet conditions, open the main compartment and inside there is a pullout compartment that stands vertically on flat surfaces perfect for test equipment, screwdriver, spanners, and other tools.

Backpack tool bag with wide zipper opening for easy tool access from the large compartment. This backpack is equipped with 6 external pockets and 16 internal pockets and 6 elastic loops for tons of tool storage, including laptop sleeve for holding laptops up to 14 inches. Mesh covered contact surface areas enable efficient air circulation between the backpack and your back. Rubber handle for carrying comfort. Square reinforced PP bottom keeps the case stable and vertical and provide protection against wet floor.

The ultimate key feature is the additional back and shoulder support. This feature, when attached around the waist, adds support, and distributes weight more evenly across the back so it's much easier to carry around during longer periods of time.

With the professional tool backpack and its mobile set of quality RS PRO tools you always have everything you need by your side! VDE/1000V approved on Pliers and Screwdrivers.

### Features and Benefits:

- The bag is ideally suited for mobile application and offers maximum freedom for the hands and work location w/ stable and waterproof base
- 1 x Backpack Bag
- Included 22 pieces of Tools (see content details below)
