

4013288179227

7452 Kraftform ESD pre-set adjustable torque screwdrivers with Rapidaptor quick-release chuck, 1/4 inch, 0,9 - 1,5 Nm

EAN:	4013288179227	Code:	05074824001
Type:	7400 vor ESD		
Size:	7452 ESDx0.9x0,9-1,5		

Wera torque screwdriver. ESD-safe: Secure protection of components against electrostatic energy and associated damage due to a electrical surface resistance of between 10^6 and 10^9 Ohm. Pre-set adjustable torque with maximum precision. Ideal for applications where a constant, identical torque is required and where a high degree of repeat accuracy is needed. The torque value can be adjusted within the measuring range. Unlimited torque for loosening sized screws. Easy-to-read scale value. Distinctly audible and noticeable excess-load signal when the pre-set torque is reached. The Rapidaptor technology makes the tool adaptable since the bits and sockets can be exchanged rapidly. Multi-component Kraftform Plus handle with hard materials to ensure rapid hand repositioning without any danger of the skin sticking to the handle and soft zones to ensure high torque transfer. Suitable for 1/4" DIN ISO 1173-C 6.3 and E 6.3 hexagon insert bits.
