

Rexel Recycle A5 Punched Pocket

Eco-friendly A5 document pocket for everyday use made from strong 100% recycled PP. Multi-punched strip allows convenient storage of documents in lever arch files and binders. The entire product can be reused and recycled again. It is packed in a cardboard box which is also 100% recycled and recyclable. Made in Europe. Recycled content confirmed by UL.

Attributes

- Protective A5 plastic pockets for filing and archiving A5 documents
- Made from 100% recycled non-toxic plastic (PP) and the entire product is 100% recyclable
- Durable and long-lasting quality ensures you can re-use time after time
- 6 hole universal pre-punched reinforced strip for use in any ring binder or lever arch file, the reinforcement is made from clear recycled film
- A5 size with top opening; ideal for use in office, home office and school
- Embossed matte surface with quality film of 70 micron thickness
- Copy safe film prevents text lifting from paper to plastic
- The acid free material prevents paper from changing colour over time. Perfect for long lasting archiving of important documents.
- Product packaging is made from 100% recycled board and is 100% recyclable
- We are helping to clean the world by turning waste into new high quality and fully functional products, which can also be absorbed back into the recycling cycle.
- Recycled content externally audited and certified by UL
- Made in Europe
