

Features

- Made of durable and chemical resistant polypropylene (PP)
- Lightweight and easy to use
- Good at chemical resistance from different density of base and acid
- Easy to thread.

RS PRO Black PP Cable Ties

RS Stock No.: 1789487

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Cable ties are one-piece, self-locking fasteners that function like straps to keep cables tidy and to hold items together. They are used extensively in many areas, including the automotive, aerospace and oil and gas industries. They are also widely used in home, DIY and gardening applications. Simply feed the cable through the slot until you get the right dimension, then trim off any excess.

General Specifications

Type	Non-Releasable
Colour	Black, Natural is also available.
Material	Polypropylene PP
Resistant to	Water and chemical
Quantity	250

Mechanical Specifications

Length	203mm / 8"
Width	4.6mm / 0.18"
Min. Loop Tensile Strength(lbs/kgf/N)	50lbs / 22kgf / 222N
Maximum Bundle Dia.	52mm

Approvals

Standards Met	RoHS, HF
