Reason for change:

The current filter fab decided to exit the business, thus a new filter fab needs to be qualified.

Description of change:

The filter fab is in Taiwan

New Status:

The new filter fab will now be in-house in Austria plant.

Note: The in-house filter fab in Austria was qualified many years ago and has been used for numerous ams-OSRAM sensor products. Thus, the filter fab transfer to this plant is considered as low risk.
