

Features

- **Versatile Design** – Ideal for loading bays, garages, warehouses, and vehicle impact protection.
- **Easy Installation** – Straightforward fitting process minimizes downtime and ensures quick deployment.
- **Heavy-Duty Protection** – Engineered to absorb strong impacts, safeguarding both vehicles and infrastructure.

RS PRO L Shaped Dock Bumper 440mm Length x 440mm Width x 95mm Height SBR/NR

Vendor Partcode.: 0688196

RS PRO is our own brand range and brings you a wide range of high-quality, great value products offering you more choice. Trusted by engineers all over the world, every part of every RS PRO product has been rigorously tested against demanding industry standards; they're only given the RS PRO Seal of Approval if we're confident of their exceptional quality, which means you can be confident too.

Product Description IBUTE

RS PRO L-Shaped Dock Bumper is a high-performance solution for protecting surfaces in busy, high-traffic areas. Its multifunctional design allows for strategic placement along loading bays, reinforcing impact zones and preventing structural damage from vehicles and equipment. Additionally, it can enhance existing bumpers by fitting seamlessly around them for extra durability.

With a selection of materials available, you can choose the most suitable option for strength, resilience, and application-specific requirements.

By investing in RS PRO dock bumpers, you can significantly enhance safety and minimize maintenance costs across various operational areas. Whether you need loading dock bumper pads, dock door bumpers, or marine fenders, this premium bumper solution ensures reliability and protection in demanding environments.

Upgrade your loading dock safety and vehicle impact protection with the RS PRO L-Shaped Dock Bumper today
