

Endress+Hauser Conductivity sensor CLD134-PMV530AB1

Smartec CLD134 offers all you need to measure toroidal conductivity – in one single instrument.

Picture for reference only. Product appearance may vary based on configuration

The Smartec CLD134 is a measuring system for inductive conductivity in the food & beverage and life sciences industries. The combination of a transmitter and a sensor is interference-free and especially easy-to-use. It meets the highest hygienic and sterile demands thanks to its food-grade virgin PEEK body, its jointless and creviceless design and its hygienic certificates.

Configuration of CLD134-PMV530AB1:

Housing:	P	compact system
Process connection:	MV5	dairy fitting DIN11851 DN50
Cable Entry:	3	Gland M20
Power supply:	0	230VAC
Output:	AB	2x20mA; conduct./conc.+temp.
Additional option:	1	not selected

Alternative part number: CLD134-PMV530AB1
