

## FEATURES

- **Heat stabilised material:** Ensures performance in high-temperature environments up to 105 °C
- **High tensile strength of 55 kg:** Provides reliable and secure fastening for heavy-duty applications
- **UV resistant:** Suitable for outdoor use, resisting degradation from sunlight
- **Wide maximum bundle diameter of 105 mm:** Accommodates large cable bundles
- **Compliant with UL 94 V-2 fire behaviour:** Offers enhanced safety with flame retardant properties
- **Light green colour:** Facilitates easy identification and organisation of cable systems

## RS PRO Heat Stabilised Cable Tie, 55 kg Tensile Strength

RS Stock No: 656-024

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

RS PRO offers a robust heat stabilised cable tie designed for secure bundling and fastening of cables and wires. Made from durable nylon, this cable tie is ideal for environments requiring high tensile strength and UV resistance. Its light green colour aids in easy identification and organisation.

### General Specifications

Colour	Light Green
Product Type	Cable Tie
Sub Type	Heat Stabilised
Tensile Strength	55 kg

### Protection Category

Fire Behaviour	UL 94 V-2
UV Resistant	Yes

### Mechanical Specifications

Length	380 mm
Material	Nylon
Maximum Bundle Diameter	105 mm
Width	7.6 mm

### Operation Environment Specifications

Maximum Operating Temperature	105 °C
-------------------------------	--------

### Approvals

Standards/Approvals	ABS 15-TA1338482-PDA, cULus E97527, RoHS, UL94V-2
---------------------	---
