RS Stock No.: 514-830

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

RS PRO

Product Description

RS PRO Black Labels, Numbers and Symbols, 30mm

Clearly signpost your building or outdoor space with these RS PRO black self-adhesive numbers and symbols. The characters are 30 mm in height, in bold black type on a white background, so they're easy to view from a distance. You'll find these labels used in both residential and commercial settings, from home garages through to farmyards and industrial plants.

The long-lasting stickers are made from hard-wearing vinyl, which means they'll look good and still be legible for years to come. With a self-adhesive backing, there's no need for glue or sticky tape.

This pack of numbers and symbols can be used to indicate a house number, label animal feed bins or mark-up a storage space.
