- Non-handed, suitable for inward and outward opening doors 30-50mm thickness.

Stock no. 447-5357

Changing the code is as easy as 1-2-3.

1 - Remove the unit from the door by unscrewing the 2 fixing bolts.

2 - Using a flat blade screwdriver; simply switch the desired code numbers to the On or Off position.

3 - Fix the unit back on to the door and your security is re-established.
