

## Attributes

- Works with popular calling applications (Microsoft Teams, Zoom and more) and operating systems (Windows, macOS and Chrome OS).
- Lightweight ergonomic on-ear design with adjustable leatherette headband, comfortable earpads and a 270° rotating microphone that can be worn on the left or right-hand side.
- A directional noise-canceling (DNC) microphone suppresses distracting sounds such as keyboard clicks and nearby voices. Sidetone confirms you are being heard. 40mm drivers deliver an advanced audio experience with HD voice support.
- Quick access to the volume, play/pause, mute and integrated busy light buttons help you maximise productivity. LED indicators provide reassuring visual confirmation of your status so you can stay focused.
- The LED indicator on the back of the microphone turns red when activated to minimise colleague interruptions and maximise productivity.
- A long 1.8m (6') tangle-free nylon braided USB-C cable provides the dependability of a wired connection and the freedom to stand and stretch during extended calls.
- Spend more time collaborating with Kensington's unified video conferencing products and accessories - the most professional, personal and convenient way to Communicate like a Pro.
- Connect with confidence knowing Kensington stands behind the H1000 with a 2-year limited warranty.

## Specifications
