

FEATURES

- Maximum load of 150 kg
- Four steps
- Overall size of 1710 mm x 540 mm x 1020 mm
- Platform height of 1 m
- Platform size of 400 mm x 300 mm
- Certified to EN-14183 standard for safety

RS PRO 4 Tread Steel Steps 1m Platform Height, Blue

RS Stock No.: 103-8704

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These fort dock steps give you safe access to any elevated position. They're made of steel and each of the steps features a non-slip mesh tread. The lift handles come with knuckle-guard grips. Along with the two rubber wheels, this makes the steps easy to move and reposition. The three lower steps are 400 mm wide and 145 mm deep, giving you plenty of space to stand on. The top step is 400 mm wide and 300 mm deep and one metre from the ground. This offers space to stand safely at the top of the steps and there's the added security of a handrail for support.

General Specifications

Number of Steps	4
Material	Steel
Colour	Blue
Applications	Retail, Warehouse, Distribution, Home, Office

Mechanical Specifications

Overall Dimensions	1710mm x 540mm x 1030mm
Overall Height	1710mm
