

Features

- Single channel, high-power soldering station
- Alternative soldering irons and tweezers are applicable.
- Integrated soldering tips makes temperature raise rapidly and replacement easy.

RS PRO Soldering Station

230V, 130W

RS Stock No.: 2713543

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

- It is a single output soldering station, supplied with a 130W soldering iron, this complete set is ideal for high-power soldering.*
- The control unit is also compatible with 50W/150W soldering irons or 100W tweezers.*

General Specifications

Temperature Range	150°C - 480°C/302°F - 896°F
Temperature Stability	± 1°C
Temperature Adjustment	Long press once to adjust 10 units, short press once to adjust 1 unit
Stand-by	0~60minutes
Dormancy	0~60minutes
Shortcut	3 groups
Working conditions	Temperature 0C ~ 40 C Relative humidity< 80%
Storage conditions	Temperature -20 C ~ 80 C Relative humidity< 80%

Mechanical Specifications

Depth	210mm
Height	150mm
Width	88mm
Weight	Around 3KG

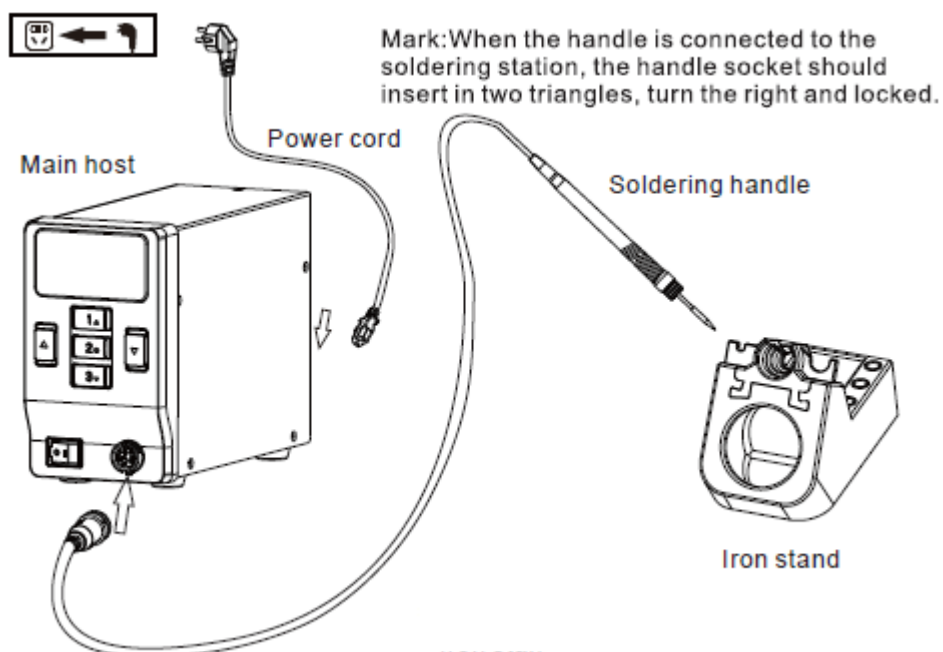

Display	LCD
Number of Channels	1

Electrical Specifications

Input Voltage	AC230V \pm 10%, 50Hz
Power	130W
Fuse	T1.6A(230VAC)

Approvals

Compliance/Certifications	CE UKCA RoHS
