TOOLS

Leatherman Free T4 is an everyday workhorse clipped to your pocket. The T4 has many of the features you'd find on a Leatherman, yet it fits 12 useful tools into a compact 3.6 inches.

EVOLVED ERGONOMICS

Leatherman Free's completely reinvented platform is designed to feel even more at home in the palm of your hand. Haptic feedback gives confidence that features are locked into place. Tools pop open with a simple push of your thumb—say goodbye to broken fingernails.

MAGNETIC ARCHITECTURE

Leatherman Free's revolutionary magnetic locking system reduces friction when opening and closing tools for a lifetime of use. This also allows smooth, quick access to tools, letting you work with speed and confidence for years.

FREE ACCESS

Leatherman Free places every implement on the outside of the tool, letting you access everything with a single hand. Locking and unlocking is safe and secure thanks to the newly designed cam locks. Leatherman Free lets you keep your eye on the task, not the tool.
