

Features

- ESD – Designed to safely discharge static electricity and protect electronic components from electrostatic discharge events.

RS PRO ESD armrests with height adjustment

RS Stock No.: 0665670

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Designed specifically for use in ESD-protected industrial and office environments, these ESD armrests offer reliable electrostatic discharge protection while enhancing ergonomic comfort. Constructed with a robust black steel frame and antistatic polyurethane (PU) covers, they ensure durability, safety, and long-lasting support during extended work sessions.

Key Features:

- **ESD-safe construction:** Prevents electrostatic discharge, suitable for EPA (Electrostatic Protected Area) environments
- **Adjustable height:** Easily adapts to user needs for optimal ergonomic support
- **Durable materials:** High-quality black powder-coated steel combined with antistatic PU for resistance to wear and chemicals
- **Comfortable support:** PU arm pads provide a soft yet firm surface ideal for long-term use

Compatible with the following chair models:

- RS PRO ESD Basic chair
- RS PRO ESD Comfort chair
- RS PRO ESD Polyurethane Chair
- RS PRO ESD Economic chair
- RS PRO ESD PU Comfort

If you have questions about compatibility with other models or need a custom solution, feel free to contact us.
