RS PRO 304mm Water Pump Pliers

RS Stock No.: 161-041

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO range of insulated VDE pliers are designed to protect you from up to 1000 V. These handheld pliers have an ergonomic grip which gives you better comfort and control for when cutting different materials. VDE pliers and cutters are an excellent choice for both electrical and industrial applications. You can be assured that the VDE standard pliers have been through rigorous testing as set by the VDE Testing and Certification Association to ensure that they are safe to use when working with electricity. These high quality pliers from our own RS PRO brand are a handy addition to any electrician's toolbox.
