

Features

- Time-Delay Fuses Class CC
- 10X38 mm size
- RoHS compliant

RS PRO Cartridge Fuses

RS Stock No.: 0180090

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO offer this range of miniature ceramic 600V AC time delay fuses, with currents from 2A – 30A.

Cartridge fuses are a relatively cheap way of protecting electrical equipment from short circuits and overcurrent and can be used to protect electrical appliances such as motors air-conditions, refrigerator, pumps etc. They can be found in the following areas:

Industrial
Commercial
Home/Residential
Automotive

RS PRO have a range of cartridge fuses types to suit all your requirements.

Electrical Specifications

Current Rating	20A
Voltage Rating	600V AC
Fuse Type	Time-Delay Fuses Class CC
Fuse Size	10x38 mm
Testing Standard	UL 248-4
Body Material	Ceramic
Fuse Speed	CC

Electrical Characteristics

% of CURRENT RATING	BLOWING TIME
110%	15 minutes Min.
135%	1 hour Max.
200%	12 seconds-240 seconds

Approvals

Compliance/Certifications	cULus  , RoHS
Declarations	UL 248-4

HC10SR AVERAGE I-T CHARACTERISTICS CURVE (FOR REFERENCE ONLY)
