Specification

Technical data

Self-gripping fastening system, adhesiv (PS-A69)

Product description	base material	Hook and Loop tapes are woven, 100% Polyamid
	Weight	Loop 350g ± 10% Hook 300g ± 10%
	Height	Loop 2.20-2.80 mm Hook 1.70-2.05 mm
	Thickness of closure	3.2 mm
	Tape covering on the backside	rubber based glue PS-A69
	Colors	black and white
	Application (width / lenght)	16, 20, 25, 30, 38, 50, 107 mm / 25 m role
Performance data	Peel strength	min. 2.4 N/cm ²
	Shear strength	max. 15.9 N/cm ²
	Breaking strength	min. 220 N/cm ²
	Life cycle (open/close)	50% loss after 10'000 cycle
	Temperature restistance	Hotmelt -5° C bis + 80° C (PS-A69)
	Melting point	+250° C
	Washable	not suitable
	UV resistance	medium
	Humidity resistance	medium
	Acid resistance	resistant to alkali, dissolvents hydrocarbons and alcohol
Test's	RoHS and REACH test performed	conform
