Description**Specifications****Conspicuous at night, and a sporty eye-catcher by day**

Even in rain, fog and darkness, you can still work outside. All that is essential is that everyone can be seen – despite the poor visibility. The high-visibility clothing from the uvex protection flash collection uses bright reflective strips.

Features

- high-visibility vests with optimum visibility even with bent posture thanks to reflective strips over the shoulders
- velcro fastening to quickly close the vest
- certified to EN ISO 20471 Class 2

Areas of application

- construction
