Product Description

RS PRO 120 litre AdBlue wheeled bin spill kit is the complete response tool for most types of spills but has been specifically designed for use with AdBlue spills. AdBlue spill kits contain blue sorbent pads, sorbent socks and accessories to manage spills effectively. The wheeled bin is weather resistant and re-useable. Spill kits are typically positioned in close proximity to potential risk of spillage. The contents are ergonomically packed to allow for quick and easy application in case of emergency.
