1. A camera upgrade is required to use this card. See [here](#) about upgrades
2. Do not use a SmartMedia card formatted by PC/Mac. The difference of format type might destroy image data on the card.
3. Don't use 32 MB, 64 MB and 128 MB SmartMedia cards with Mac OS7.6 or earlier versions  
as this may lead to data loss.
4. An update of the driver software is required. It can be downloaded [here](#).
5. An update of the driver software is required. Download drivers [here](#).  
Windows: Compatible if 64 MB driver software installed.  
Macintosh: Driver software in development.
6. Driver software is in consideration.
