

MATERIAL DATASHEET

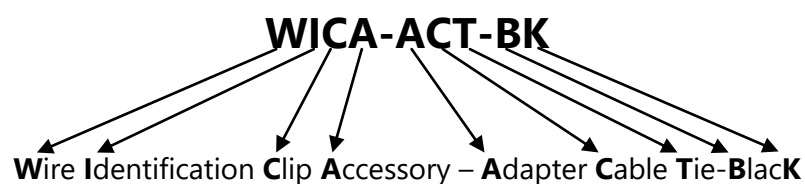

WICA-ACT-BK

DESCRIPTION

The WICA-ACT-BK is an accessory for the WIC range. It identifies cables, wires and other harness with a diameter bigger than 5.3 mm. For smaller sizes, the existing sizes of the WIC range should be used. It can be used in two different positions offering thus the possibility of being always readable in the sense of reading.

Vertical reading

Horizontal reading

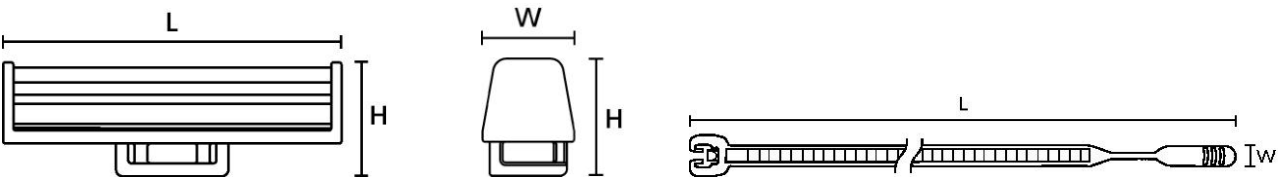

MATERIAL DATASHEET

PROPERTIES

Specifications	
Material	Polyamide 6.6 (PA66)
Colour	Black
