RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

## Product Description

RS PRO safety padlocks are specialised padlocks designed for use in industrial settings and workplaces to enhance safety measures, particularly in lockout/tagout (LOTO) procedures. RS PRO safety padlocks are available in bright and highly visible colours, making it easy for workers to identify lockout devices from a distance, promoting clear communication about the status of equipment.
