

Optimum protection for your office's floors

Composition :

100 % clear polycarbonate or 100 % polyethylene (only ref DESSOUSCHAISE89119).

Applications :

chair mat for offices and homes

Advantages :

- extremely robust
- pleasant to use (caster chairs move easily, without friction)
- good heat resistance => suitable for heated floors
- adapted for disabled people
- suitable for allergy sufferers: PVC and vinyl free
- **studded chair mat** : optimal protection of rugs and carpets + non-slip (adheres to the ground thanks to studs that protect the pile of rugs and carpets)
- **Smooth chair mat**: effective protection of hard and smooth floors (parquet and laminate, tiles, concrete, marble, ...) + non-slip (adheres to the ground thanks to its non-slip back, without leaving a trace)

Colour :

transparent

Studded chair mat

Smooth chair mat
