

FEATURES

- **Sintered Bronze Material:** Offers excellent wear resistance and self-lubricating properties, reducing maintenance needs.
- **10 mm Length:** Compact design suitable for tight spaces, enhancing versatility in application.
- **15.04 mm Outside Diameter:** Ensures a secure fit within housings, providing stability and reducing vibration.
- **9.98 mm Shaft Diameter Compatibility:** Precisely engineered to accommodate standard shaft sizes, ensuring smooth operation.
- **High Load Capacity:** Capable of supporting significant loads, making it ideal for demanding environments.

RS PRO 10 mm Sintered Bronze Plain Bearing

RS Stock No: 528-285

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical applications. Made from high-quality sintered bronze, it provides excellent durability and performance, ensuring reliable support for rotating shafts.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	9.98 mm

Mechanical Specifications

Length	10 mm
Material	Sintered Bronze
Outside Diameter	15.04 mm
