## Product Description

*RS PRO Oil-only bilge boom is an excellent absorbent boom with an extra tough construction. Designed for marine use to deal with pollution that harms a marine environment in open sea. The booms are fitted with rope on one end to allow for easy retrieval and deployment. The boom floats even when saturated and the open fibres and spun bond inner skin allow for a faster absorption.*

- Absorbs and retains oils and oil-based liquids, including lubricants and fuels without taking in a drop of water*
- Bright white colour makes booms easier to see in outdoor environments and clearly shows saturation level*
