WASHING INSTRUCTIONS

TECHNICAL SPECIFICATIONS

- Unlined jacket, three waterproof, wind-proof and breathable layers. Watertight seams all over the jacket. Slightly fitted waist for a feminine shape.
- Peaked hood adjustable in three places (front and back) protecting your face from the rain yet free to move. When folded, the hood turns into a collar using a cord inside the jacket.
- Reinforced at the shoulders, cuffs and lower back.
- Waterproof YKK zip in the middle of the front.
- Two waterproof front zip pockets, in contrasting Parade Orange.
- Adjustable cuffs with velcro and PVC tab, bevelled for maximum cover on top of the hand with freedom to move.
- Parade technology for "Free Movement" means you can work with your arms raised without the jacket rising up. You are always protected from the weather.
