

Features

- ESD – Designed to safely discharge static electricity and protect electronic components from electrostatic discharge events.
- Full Metal Construction
- Available in different sizes

RS PRO ESD Welded Rack 2000x800

RS Stock No.: 0687705

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested

by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO ESD welded rack is a durable and stable welded shelving solution, perfect for professional warehouses and workshops. Made from steel with a minimum thickness of 1.5 mm, it supports up to 65 kg per shelf (reinforced version available on request). Its fixed construction and leveling elements ensure safety and ease of use, even on uneven surfaces. Easy to maintain and resistant to damage, it's ideal for demanding work environments.

General Specifications
