Technical sheet

PRUS600FGALNJ

Single-sided protection – Ø60 – 600 × 600 × H 600 mm – black/yellow galvanized to be fixed

Modular two-part protective stirrup designed to easily safeguard urban furniture or warehouse installations (posts, columns, bollards, parking layouts, trees, etc.). A highly effective solution for protecting certain installations from impacts or collisions caused by vehicles. Made of galvanized steel for increased strength. Available as single protection (one side) or double protection (two sides). Available in versions for plate fixing or embedding.
Simple and quick to install.

Customs code	7326909800
EAN	3321360106155

Color : Black/Yellow

Material : Galvanized steel

Specifications :

- Protects posts thanks to its lateral crossbar.
- Two-part structure.
- High visibility due to its yellow color.
- Four fixing holes per base plate.
- Do not install in saline or hydrocarbon environments.
- Please contact us.
