

Features

- **Essential Lockout Kit** – A compact and practical kit designed for domestic installers or users with basic lockout needs, offering essential tools without the bulk or cost of larger kits.
- **Includes MCB Lockouts** – Supplied with multiple MCB lock types, making it compatible with most standard miniature circuit breakers, ensuring broad utility.
- **Supports Safe Isolation Practices** – Enables electricians to perform safe isolation procedures in compliance with Electrical Safety First and HSE guidelines.
- **Promotes Electrical Safety Compliance** – Ideal for use during 17th Edition and Part P installation testing, helping to meet regulatory requirements and industry best practices.
- **Risk Reduction** – Designed to minimize the risk of electric shock, burns, and fatal accidents during electrical maintenance or testing.

RS PRO Electrical Circuit Breaker Lockout Kit

RS Stock No.: 0710521

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

- *Compact and Essential Kit – Designed for domestic installers and electricians who require a practical, no-frills solution for basic lockout needs.*
- *Versatile MCB Compatibility – Includes a range of MCB lockouts compatible with most standard miniature circuit breakers, allowing for quick and compliant isolation.*
- *Ensures Compliance and Safety – Supports proper safe isolation procedures as recommended by Electrical Safety First and the Health & Safety Executive (HSE), essential for 17th Edition and Part P testing.*
- *Reduces Risk of Electrical Hazards – Helps protect against electric shock, burns, and other injuries by ensuring equipment is safely de-energised before work begins.*
- *Lightweight and portable, this kit is perfect for on-site use, especially for those working in residential or light commercial environments.*
